8

Reaction Time?

...from last week.

- 1) A **QUESTION** for you!
Comparing AM, Midday and PM,
when is your best reaction time?
AM? Midday? PM?
- 2) Plot some of your data below.
 - a. Use a Scatter Plot here.
 - b. Or, set up a chart on the back, & graph the averages here (or in Goggle Classroom).

	0.20			
	0.18			
	0.16			
Time	0.14			
in	0.12			
Seconds	0.10			
	0.08			
	0.06			
	0.04			
	0.02			
	0.00			

AM Mid PM

Time of Day

8th Graders:

The NEWS: Quarter 4 starts April 13.
We will also figure that out as we go!

- 1) Enjoy the Packet.
- 2) Check Google Classroom.
- 3) Do some Quizzes.
- 4) Do a Lab!
- 5) Repeat!** 🙄

If you have questions or need materials,
email me and I will help.

I still miss you!

Stay Well!....Mrs. Plyter
