

# Energy Pyramid Volume Boxes Alternate

Name \_\_\_\_\_ Period \_\_\_\_\_

- 1) Make or find Volume Boxes for each Energy Level as you do the Energy Pyramid Handout.
- 2) **Organize, write and draw your Volume Box calculations on this page.** (Use the lines! 1 unit = Row width.)
- 3) Draw (or attach drawing) of each of your Volume Boxes or Volume Box patterns below.
- 4) Build your Volume Boxes (unless found). Use sharp folds. **Reduce tape to one flap on the outside.**
- 5) Attach Volume Boxes together for your Energy Pyramid.
- 6) Label using labels from Energy Pyramid Assignment. (Example: Autotroph - Producer)
- 7) Add Images from Energy Pyramid Assignment (or design your own).
