

Photosynthesis Spin Images

This image is a worksheet for a spin activity related to photosynthesis. It consists of 12 rows, each representing a single spin. Each row contains four distinct visual elements:

- Water Molecules:** Two molecules of water (H₂O), each shown as a white circle with 'O' and two grey circles with 'H'.
- Carbon Dioxide Molecules:** Two molecules of carbon dioxide (CO₂), each shown as a black circle with 'C' and two white circles with 'O'.
- Leaf Diagram:** A schematic diagram of a leaf cross-section, showing the internal structure including stomata and chloroplasts.
- Sun and Energy:** A smiling sun icon wearing sunglasses, with the word 'ENERGY' written above it.
