

Protozoa (Animal-like Protists) in the Microscope:

Name

Period

Open Reference:

Text *PHLS* p.220+

\_\_1) Use a prepared Protozoa slide.

**The organisms are not alive, but "fixed" and dyed pink or purple.**

\_\_2) Find Paramecium and/or Amoeba.

\_\_3) Have checked in focus.

\_\_4) Draw as large as you have room on this paper

\_\_5) Make an outline scientific drawing.

\_\_6) Draw the outline of any parts you can identify and count.

\_\_7) Have checked in focus.

\_\_8) Label only what you actually see and draw. Use straight lines out to one side

Amoeba (ameba):

Paramecium:
